Subject: Health in All Policies (HiAP) Task Force

Reporting Period: October - December 2017

Staff Lead: Julia Caplan (Public Health Institute, in partnership with SGC)

Recommended Action:

For information only – no action required.

Update:

1. October-December written update: The HiAP Task Force is submitting an update on activities and accomplishments between August and October 2017.

Background:

The California Health in All Policies (HiAP) Task Force was created by Executive Order S-04-10 in 2010 to foster interagency collaboration to promote healthy, equitable, and environmentally sustainable communities. This work is based in the recognition that the health of Californians is impacted by the policies and practices of many sectors, and that environmental stewardship and health equity are closely intertwined. The HiAP Task Force is staffed through a collaborative relationship between the SGC, the California Department of Public Health (CDPH), and the Public Health Institute (PHI).
